

**Antarang Foundation** is a registered charitable trust that builds key employability skills in disadvantaged youth in urban low income settlements and we send our students in pursuit of their dreams.

Our students are film makers, podcast specialists, fitness trainers and study in colleges from Bhandup to Boston. This is because Antarang's programs are unique and focus on bridging the ability of adolescents and young adults to make informed career decisions and industry's intent to hire talent with potential.

Antarang Foundation builds key employability skills in disadvantaged youth in urban low income settlements. Through two structured programs Antarang guides students on career choice, trains them in core employability skills and connects them to employment opportunities of their choice. Over the past 5 years, Antarang has worked with over 25,000 youth across Mumbai.

Antarang is now at a critical phase of growth and seeks candidates committed to helping the organisation scale to reach more youth effectively and efficiently.

### **Associate – Student Outcomes**
